

Enabling Xpert Unit Summaries

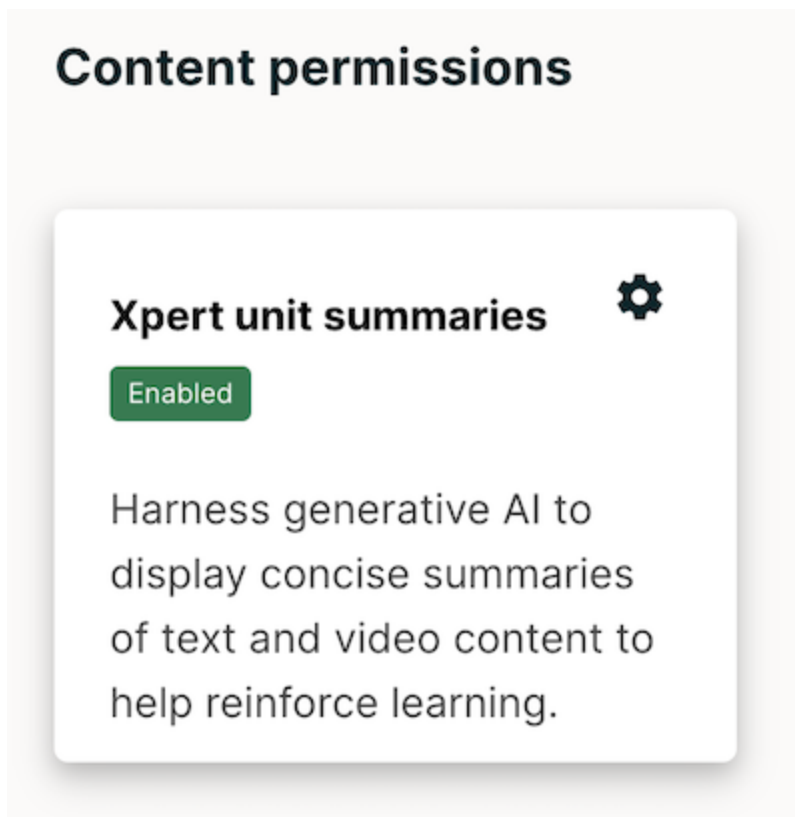

Print to PDF

Contents

- 12.8.2.1. To enable Xpert Unit Summaries for a course
- 12.8.2.2. To toggle Xpert Unit Summaries on or off for a specific unit

12.8.2.1. To enable Xpert Unit Summaries for a course

1. In Studio, course team members can navigate to the **Content > Pages & Resources** menu item in the top navigation menu.
2. Under the **Content permissions** heading is a box for **Xpert unit summaries**.

3. Clicking the **gear icon** opens the settings modal and allows a course team member to enable the tool for the entire course.

4. Toggle on the Expert unit summaries field, select whether you want to have all of the units enabled on or off by default, and click **Save**.

Configure Xpert unit summaries

Xpert unit summaries Enabled 

Reinforce learning concepts by sharing text-based course content with OpenAI (via API) to display unit summaries on-demand for learners. Learners can leave feedback about the quality of the AI-generated summaries for use by edX to improve the performance of the tool.

All units enabled by default [Reset all units](#)

No units enabled by default

Cancel **Save**

Note

The “Reset all units” button can be used if you’ve updated specified units but want to set them all back to their original configuration of all on or all off.

12.8.2.2. To toggle Xpert Unit Summaries on or off for a specific unit

Unit specific settings are available once summaries have been turned on for the course.

1. In Studio, course team members can navigate to the **Outline** menu item in the top navigation menu.
2. Navigate to the unit desired to update and click on the **Configure gear icon**.

3. Select or deselect the **“Enable summaries”** checkbox and click **Save**.
